

Backwards

Music by Tim McGovern Lyrics by Chip Hullender

Oh you gotta get it right – not inside out not left or right
Lookin' in the mirror can distort your view – you're seeing two different ways from your
point of view

(B- section)

Hey! Mr. Backwards man
Hey! Regressing when you can
Hey! You know it's up to you
You always try to use a hammer when you really should screw

(Chorus)

Backwards – Ro-tate
Backwards – One way
Backwards – behind now yeah

Going counter clockwise in rewind You know it only makes it harder just to live your life
I'll say it in Pig Latin so you'll understand our'eYa, Oinga ackwardsBa

Hey! Mr. Backwards man
Hey! Regressing when you can
Hey! You know it's up to you
You always try to use a hammer when you really should screw

Backwards – Ro-tate
Backwards – One way
Backwards – behind now yeah

{Guitar Solo}

Backwards – Ro-tate
Backwards – One way
Backwards – behind now yeah

Backwards – Down a **one way street**
Backwards – Things that you can't see
Backwards – Full speed rewind

You gotta get it right
Get it right
Get – it – right – yeah!
