

CUTTIN' LOOSE

Bb blues

Bb **F**
Tell you about my baby, she treats me so fine
Bb **F**
and every day I put my love on the line
Bb **F**
No other girl in this world's been right
Bb **F**
So far so good each and every night - and it's..

ALLRIGHT I'm cuttin loose all night and tearin' up the town
ALLRIGHT Just follow your nose cause it never lets you down

Now me and my baby we go out to town
People STOP - and look around
Just can't believe what they are a seein'
Too bad my friend, this one's just for me and I do it cause it's

ALLRIGHT I'm cuttin loose all night and tearin' up the town
ALLRIGHT Just follow your nose cause it never lets you down

[Solo] Bb – F (walk it)

Well make the most of whatcha got
Might be surprised and then again, maybe not
Just take it slow, one step at a time
Cross the bridge it's time to toe the line and it's

ALLRIGHT I'm cuttin loose all night and tearin' up the town
ALLRIGHT Just follow your nose cause it never lets you down

Well there's a moral to this here story
You ain't got no guts, you don't get no glory
You'll get by fine with all that you know
Time to go, I got to hit the road see ya!

[Solo]
